

“RED BLOOD”

Healthy Haemoglobin

OPERATION RED BLOOD

Purpose: Support DWC-VAWP to qualify for MDM Club

Period: 11.3.25 to 9.6.25

Benefits: Performance Linked Financial Assistance (FA) up to Rs.1,05,000 and Invitation to LDP in July 2025.

Beneficiaries: DWC-VAWP

Background: Operation RED BLOOD aims to help make India Anemia Free under the **mission@beyoungbharat** initiative. Many people, especially women and children, have low haemoglobin levels, which can lead to weakness and disease due to inadequate oxygen supply. Despite efforts, anemia rates are rising. After years of R&D, your company has developed a sustainable solution: Organowild Natural Iron Mango Slice (OWNIMS), certified by CSIR-IHBT. Consuming just two slices of OWNIMS daily increases haemoglobin levels, enhancing oxygen flow and reducing disease risk. Company has decided to use its Networking channel to reach people and induce a habit to increase iron intake to meet body’s daily requirement.

It is expected that our Wellness partners undeterred and unfazed will continue their relentless endeavour towards themselves and the nation.
